

RETENTION PACKAGING

Retention Packaging Features

- Static Barrier Protection
- Wide Range of Sizes
- Crush Resistance
- Variable Stretch Options
- Impact Resistance
- Attractive Product Display

INDIVIDUAL PRODUCT SHIPPING SOLUTION
OFFERS THE ULTIMATE IN SUSTAINABILITY

Retention Packaging Benefits

- Ideal for e-commerce, these custom-designed solutions protect your product from potential dropping and rough handling.
- Retention packaging is delivered flat-packed as a die-cut piece - saving storage and transportation costs.
- Easy to assemble and fill without additional adhesive - saving time.
- Corrugated cardboard means optimum and easy recycling is possible plus is a more sustainable alternative to plastic.

**IDEAL FOR ECOMMERCE
OR ONE-OFF SHOPPING**

A one-part corrugated cardboard die-cut piece secures the product and is packaged securely in one retention packaging box.
